Gill Hepton won a position at Wirreanda High School for this year. We thank her for her contribution to the school over the past years and wish her the best for this new undertaking.

The library upgrade is complete. I met with Bob Pike builder, architects and engineers throughout the holidays to finalise plans for the new Junior Primary and multipurpose building. Plans are currently in with DECS and DETEI for final approval. We anticipate that building will begin by the second week of February. Both constructions should be completed by September ready for term 4.

This will be a very exciting year for our school.
